Attach a copy of the source of the circulation figures cited above. The SCDOR is required by SC Code Section 61-4-520(7) to approve the newspaper "most likely to give notice to interested citizens." We make this determination based on available circulation figures. However, if the newspaper is published in the county and historically has been the newspaper where legal advertisements are published, we will approve the newspaper for that county. Because we are required by statute to approve publications based on circulation figures, we cannot approve applications that do not include comparative circulation figures.

You must submit a separate application for each county or municipality for which you are seeking approval.
