- If requesting your extension by mail, use the SC1120-T, Application for Automatic Extension of Time to File Corporate Tax Returns.
- If no tax is due and you have requested a federal extension, the federal extension will be accepted as a South Carolina extension if we receive your return within the time as extended by the IRS.
- There is no extension of time for payment of tax. Any tax due must be paid by the due date to avoid late penalties and interest.
- Mark the **Extension** box on the front of this return if you filed a state or federal extension.

Declaration of Estimated Tax:

- Use the SC1120-CDP, Corporation Declaration of Estimated Income Tax, to file a declaration of Estimated Tax.
- You have two options to make Estimated Tax payments. You can make four equal payments, due on the 15th day of the fourth, sixth, ninth, and twelfth months of the taxable year. Or, you can pay 100% of the Estimated Tax due on the 15th day of the fourth month of the taxable year.
- Pay online using our free tax portal, MyDORWAY, at dor.sc.gov/pay. Select **Business Income Tax Payment** to get started. Do not submit the SC1120-CDP if you pay online.
- Avoid a penalty by making each payment on time. For information on computing underpayment penalties, see the SC2220, Underpayment of Estimated Tax by Corporations, available at dor.sc.gov/forms.

Accounting: Your accounting method must be the same as the method you use for federal Income Tax purposes. If a change in accounting is approved or changed by the IRS, you must provide the SCDOR with a copy of the written permission received from the IRS.

Bad debt reserve: The bad debt deduction allowable for South Carolina Income Tax purposes is the amount determined under the Internal Revenue Code of 1986, as amended through December 31, 2018. Any amount set aside as a bad debt reserve prior to 1986 under South Carolina's prior law may not be included in South Carolina taxable income as a result of the change in method in which the bad debt reserve is computed.

LINE INSTRUCTIONS:

Line 1: Enter the taxable income as shown on the federal tax return. You must attach the federal return and all supporting schedules.

Line 2: Complete Schedule A and B on page 2 and enter the net adjustment from line 12.

Some of the additions to federal net income are:

- State and local Income Taxes, state and local Franchise Taxes measured by net income, any other Income Taxes, or any taxes measured by or with respect to net income.

- If you are reporting income or deducting expenses over a time period as a result of a change of accounting method or accounting year, use the manner provided in the Internal Revenue Code and approved by the IRS. When the authorized adjustment period expires, continue to report the balance of the income or deduct the remaining expenses for South Carolina Income Tax purposes until all of the income or expenses have been fully reported or deducted.

Some of the deductions from federal net income are:

- Associations are exempt from the tax during the first three years of their operation.
- Reduction in basis of depreciable property as required by Section 48(q) of the Internal Revenue Code.
- If, as of January 1, 1985, you are deducting the cost of personal property placed in service prior to 1985, as provided in Internal Revenue Code Section 168, you are allowed, for South Carolina purposes, a similar annual deduction. When the federal deductions expire, you may subtract any remaining deductible cost on your South Carolina tax return at the rate of 50% a year. The total deductions taken may not exceed the depreciable basis of the assets.
- If, as of January 1, 1985, you are deducting the cost of improvements to real property paid or incurred prior to 1985, you may deduct any remaining deductible costs on your South Carolina return at the rate of 20% a year. The total deductions taken may not exceed the depreciable basis of the assets.

Line 5: After adding the federal NOL to federal taxable income in Schedule A, subtract the South Carolina NOL on Line 5.

Line 8: Attach the SC1120TC and applicable tax credit schedules. **The credits claimed cannot exceed your tax liability.**

Line 10(d): Attach the I-385 if claiming the refundable Motor Fuel Income Tax Credit. The allowable credit is the lesser of the increase in South Carolina Motor Fuel User Fee you paid during the tax year, or the preventative maintenance costs you incurred in South Carolina during the tax year. See the I-385 instructions at dor.sc.gov/forms and SC Revenue Ruling #17-6 at dor.sc.gov/policy for more information.

Line 13: Calculate penalty and interest using the Penalty and Interest Calculator at dor.sc.gov/calculator. Avoid penalties and interest by filing and paying the tax when it is due.

- If an association fails to file its tax return when due (including any extensions), it will be subject to a failure to file penalty.
- If an association fails to pay tax by the due date, a failure to pay penalty must be added to the tax.
- If an association underpays its Estimated Tax, complete the SC2220 and attach it to the return. If the association owes a penalty, show the amount in the space provided. If the association is due a refund, subtract the penalty amount from the overpayment on line 15. Find the SC2220 at dor.sc.gov/forms.
- If an association fails to pay the tax due, it will be charged interest at the rate provided under IRC Sections 6621 and 6622.

For more information see the SC1120 Instructions at dor.sc.gov/forms.
