

ST-389 INSTRUCTIONS

ST-389 I (Rev. 11/30/22) 5220

These instructions are for the paper version of the ST-389, Schedule for Local Taxes. We recommend filing the ST-389 using **MyDORWAY**, our free online tax portal, available at **MyDORWAY.dor.sc.gov**. Create a new account or log in to get started.

The ST-389 is used to report local Sales and Use Taxes, which must be reported by county and municipality.

When completing the ST-389, all entries must be typed or neatly hand-printed.

Complete the Sales and Use Tax Worksheet on the back of the applicable state tax form (ST-3, ST-388, or ST-455) before making entries on the ST-389.

If you have a retail license or a Use Tax registration, you are **required** to file a tax return even if there is no tax due for the period.

When filing **No Sales** returns, enter zero on the ST-389 for the county or municipality of your business location.

IMPORTANT: If it is determined that no entry is needed on a line, leave the line blank. Do not write on the lines that do not pertain to you.

STEP 1

ST-389 INFORMATION

Taxpayers are required to file the ST-389 with the appropriate state Sales and Use Tax return (ST-3, ST-388, or ST-455) if:

- The retailer is located in a county or municipality that imposes a local tax OR
- The retailer is delivering into a county or municipality with a local tax

For example:

1. the retailer is shipping into a county or municipality using their own vehicles
2. the retailer has an agent or employee operating within the county or municipality
3. the retailer is shipping into the county or municipality using a contract carrier
4. the retailer is using a common carrier and maintains an office, other place of business, or property of any kind in the county or municipality of delivery
5. the retailer advertises via media which has coverage in the county or municipality

If you do not make sales or deliveries in a county or municipality that imposes a Local Sales and Use Tax, you do not need to complete the ST-389.

For more information see SC Revenue Ruling #09-9, available at **dor.sc.gov/policy**.

ST-389 WORKSHEET INSTRUCTIONS

Complete the worksheet section of the ST-389 when reporting amounts subject to a local tax or tribal sales tax, if you sold, purchased, or delivered property for use in a county or municipality with a local tax. The worksheet is to assist you in determining the proper amount you are required to report on the ST-389.

Item 1. Total - Gross Proceeds of Sales/Rentals, Use Tax and Withdrawals of Inventory for Own Use: Enter the same amount reported on the worksheet of your state Sales and Use Tax return (Item 3 of the ST-3, ST-388, or ST-455).

Item 2. Local Tax Allowable Deductions: Enter deductions here which are not subject to local taxes or a tribal sales tax. All deductions should be itemized under Column A, with the deduction amount shown in Column B.

Certain transactions are subject to the state's Sales and Use Tax rate but are exempt from the local Sales and Use Tax rate. Some examples are:

- Deliveries to local counties or municipalities without local tax
- Sales subject to the maximum Sales and Use Tax (such as aircrafts, boats, manufactured homes, etc.)

Quarterly and annual filers paying tax on the first reporting period after the implementation date may use the worksheet to calculate the amounts not subject to the local tax.

Before claiming a deduction on the ST-389 worksheet, the exemptions relating to a particular local tax or the tribal tax should be reviewed since they may differ from the state tax exemptions claimed (for example, if a deduction was itemized on the state tax return worksheet for the 1% state tax rate reduction for individuals age 85 or older, the amount itemized as a deduction on the state tax return worksheet would not be applicable as a deduction on item 2 of the ST-389 worksheet.)

Sales of unprepared foods are exempt from the state Sales and Use Tax rate. However, local taxes still apply to sales of unprepared foods unless the local tax law specifically exempts such sales. As a result, sales of unprepared foods that are subject to a local tax must be included on the ST-389 worksheet.

There are various local Sales and Use Taxes which are imposed in addition to state Sales and Use Tax. Some local taxes may provide the same exemptions, while others may be different. As a result, you should examine the amounts reported for a particular local tax before reporting the net taxable amount for a particular local tax. For an updated list of counties which impose local taxes and the specific exemptions applicable to each, visit dor.sc.gov/tax/sales-and-use.

If you have questions regarding exemptions, contact us at SalesandUseTax@dor.sc.gov or 1-844-898-8542.

Item 3. Total Amount of Deductions: Enter the total allowable deductions from Column B.

Item 4. Net Sales and Purchases: Subtract item 3 from item 1. The total should match Column A, line 1, page 5 from the ST-389.

The amount on line 1, page 5 of your ST-389 will not match item 4 of your ST-389 worksheet when:

- Your sales, purchases, and withdrawals are made or delivered into a county or municipality with more than one local tax type OR
- more than one local tax type is reported

Do not claim credits on this form. To claim a refund, we recommend using MyDORWAY, available at MyDORWAY.dor.sc.gov.

CODES FOR LOCAL TAXES

(For Tax Periods 1-1-23 and after)

When completing the ST-389, Schedule for Local Taxes, only list one entry per line. Use the appropriate four-digit County or Municipality Code listed below for the specific local tax. Each code reflects the location at which the sale was made, which is usually where the business is located, the place of delivery, or physical presence by acceptance of the goods sold, if different from the business location.

For tax periods prior to May 2021, these four-digit codes are available at dor.sc.gov/tax/sales/forms.
