Before You Begin

- Use the Schedule NR if you are a nonresident of South Carolina or you are filing as a part-year resident.
- Check the **Schedule NR** box on the front of your SC1040.
- Attach the Schedule NR and a copy of your federal return to your SC1040.
- Do not submit your Schedule NR separately.
- We cannot process your return if you submit your Schedule NR separately or file it without a Social Security Number (SSN) or Individual Taxpayer Identification Number (ITIN).
- South Carolina conforms to the Internal Revenue Code as amended through December 31, 2023, except as otherwise provided. If Internal Revenue Code sections adopted by South Carolina which expired on December 31, 2023 are extended, but not otherwise amended, by congressional enactment during 2024, these sections are also extended for South Carolina Income Tax purposes in the same manner that they are extended for federal Income Tax purposes.
- This instructional guide's references to form numbers and line descriptions on federal Income Tax forms were correct at the time of printing. If they have changed and you are unable to determine the proper line to use, contact the SCDOR's Individual Income Tax section at 1-844-898-8542. Use these instructions as a guide when preparing your Schedule NR. They are not intended to cover all provisions of the law.
- You're required to provide your SSN on this tax form. If you are a nonresident or resident alien and cannot get an SSN, contact the IRS to apply for an ITIN for the purpose of filing Income Tax returns. South Carolina will accept this number in place of an SSN to process your Individual Income Tax returns. For more information, contact the IRS at **1-800-829-1040** or [irs.gov](https://www.irs.gov).

Line 26: IRA deduction

Determine your IRA adjustment for Column B using the percentage of your federal compensation that is South Carolina compensation. Calculate your allowable South Carolina deduction using the following formula:

South Carolina Additions

Line 32: South Carolina additions to income

If you report items on this line, you must attach an explanation. The following common scenarios are examples of items which you may report on this line:

- Withdrawals from Catastrophe Savings Accounts are taxable to the extent the withdrawals exceed the qualified catastrophe expenses.
- If you made withdrawals from Catastrophe Savings Accounts that exceed the qualified catastrophe expenses, you must add back the difference between the amount withdrawn and the qualified catastrophe expenses.

South Carolina Subtractions

Line 33: South Carolina dependent exemption

A South Carolina dependent exemption is allowed for each eligible dependent, including both qualifying children and qualifying relatives. Eligible dependents are dependents claimed on your federal Income Tax return. See the worksheet below.

Worksheet for South Carolina dependent exemption	
1. South Carolina dependent exemption amount	1. <u>\$4,790</u>
2. Number of dependents claimed on your federal return	2. _____
3. Allowable deduction (multiply line 1 by line 2). Enter on line 33.	3. <u> </u>

Line 34: Net capital gain deduction

Net capital gains held for a period of more than one year and included in the South Carolina taxable income are reduced by 44% for South Carolina Income Tax purposes.

Net capital gain means the **excess of** the **net long-term** capital gain for the taxable year **over** the **net short-term** capital loss for the tax year. The South Carolina holding period for long-term capital gains is the same as the federal holding period. Income received from installment sales and capital gain distribution qualifies for this deduction if the more than one year holding period has been met. Multiply the net capital gain by 44% and enter the result.

Example: Taxpayer has a long-term (LT) gain on stock (held for more than one year) of \$10,000 and long-term loss on stock of \$3,000. Taxpayer also reports a short-term (ST) loss on stock held for six months of \$5,000.

SC Net LT Capital Gain	\$7,000 (10,000- 3,000)
- SC Net ST Capital Loss	- 5,000
<hr/>	<hr/>
SC Net Capital Gain	\$2,000
x Gain Deduction	x 44%
<hr/>	<hr/>
Amount to be deducted	\$880

Line 35a through line 35c: Retirement deductions for South Carolina residents

South Carolina taxes retirement income received while you are a resident of this state. An individual taxpayer who is the original owner of a qualified retirement account may claim this deduction.

An individual who is **under age 65** may claim a retirement deduction up to \$3,000 on qualified retirement income from their own plan.

An individual who is **age 65 or older** during the tax year may claim a retirement deduction up to \$10,000 on qualified retirement income from their own plan.

Line 35a: Include only qualified withdrawals from the taxpayer's own qualified retirement plan.

Line 35b: Include only qualified withdrawals from the spouse's own qualified retirement plan.

Line 35c: A surviving spouse receiving qualified retirement income on behalf of a deceased spouse may deduct up to \$3,000 or \$10,000 of the qualified retirement income, based on the age of the deceased spouse had they lived. The surviving spouse must receive the decedent's qualified retirement income as a surviving spouse.

The surviving spouse retirement deduction is in addition to the individual retirement deduction claimed from the taxpayer's own retirement plan.

If claiming the surviving spouse retirement deduction for more than one deceased spouse, calculate the deduction separately for each deceased spouse. Add the surviving spouse retirement deductions and enter the total on line 35c. Attach a statement showing the date of birth for each deceased spouse and the separate calculation for each deduction.

Qualified retirement income is income from plans defined in IRC 401, 403, 408, and 457 and all public employee retirement plans of the federal, state, and local governments, including individual retirement plans, Keogh plans, and military retirement.

Any portion of qualified retirement income received this tax year that resulted in a federal premature withdrawal penalty does not qualify for a retirement deduction.

Reduce the taxpayer and spouse retirement deductions by any military retirement deductions taken. Do not reduce the surviving spouse retirement deduction by any surviving spouse military retirement deduction taken.

3. Retirement deduction (lesser of line 1 and line 2). Enter on line 35c.	3. _____

Line 35d through line 35f: Military retirement deduction for South Carolina residents

Beginning with tax year 2022, individuals may deduct all military retirement income included in their South Carolina taxable income. Reduce the retirement deduction (line 35a and line 35b) and the age 65 and older deduction (line 36a and line 36b) by the amount of the military retirement deduction taken.

Military retirement income is taxable income received by the taxpayer or the taxpayer’s surviving spouse from a qualified military retirement plan. Income that is subject to a penalty for premature distribution does not qualify as retirement income. For a surviving spouse, retirement income includes a retirement benefit plan and dependent indemnity compensation received due to the deceased spouse’s military services.

Retirement benefits received for service in the National Guard or Reserves due to inactive time are subtracted on line 41 and are not included in taxable income. Do not include these amounts in the deduction on line 35.

Line 35d: Include military retirement income related to the taxpayer’s military service.

Line 35e: Include military retirement income related to the spouse’s military service.

Line 35f: Include military retirement income received on behalf of a deceased spouse. Apply the deduction in the same manner that it applied to the deceased spouse.

The surviving spouse military retirement deduction is in addition to any retirement deductions claimed on the taxpayer’s own retirement income.

If claiming the surviving spouse military retirement deduction for more than one deceased spouse, calculate the deduction separately for each deceased spouse. Add the surviving spouse military retirement deductions and enter the total on line 35f. Attach a statement showing the date of birth for each deceased spouse and the separate calculation for each deduction.

Line 36: Age 65 and older deduction for South Carolina residents

If you are a resident of South Carolina for at least part of the year and reach the age of 65 during the tax year, you are entitled to a deduction of \$15,000 against any South Carolina income.

Line 36a applies to the taxpayer whose name appears first on the return.

Line 36b applies to the spouse whose name appears second on the return.

Reduce the age 65 and older deduction claimed on line 36a and line 36b by:

- subtracting any individual retirement deduction claimed on line 35a and line 35b, and
- subtracting any military retirement deduction claimed on line 35d and line 35e.

Claiming a surviving spouse retirement deduction on line 35c or line 35f does not reduce the age 65 and older deduction for a taxpayer on line 36a or line 36b.

Worksheet for taxpayer (line 36a)	
1. Age 65 and older deduction amount	1. <u> \$15,000 </u>
2. Retirement income deduction (line 35a)	2. <u> </u>
3. Military retirement income deduction (line 35d)	3. <u> </u>
4. Deduction available (add line 2 and line 3, then subtract the total from line 1. If less than zero, enter zero.) Enter on line 36a.	4. <u> </u>

Worksheet for spouse (line 36b)	
1. Age 65 and older deduction amount	1. <u> \$15,000 </u>
2. Retirement income deduction (line 35b)	2. <u> </u>
3. Military retirement income deduction (line 35e)	3. <u> </u>
4. Deduction available (add line 2 and line 3, then subtract the total from line 1. If less than zero, enter zero.) Enter on line 36b.	4. <u> </u>

Assume for all examples that taxpayers are residents of South Carolina and have income to qualify for the age 65 and older deduction in addition to the retirement deductions.

Example 1: A taxpayer age 65 or older has no military or other sourced retirement income on lines 35a or 35d. The taxpayer is eligible for a deduction of \$15,000 on line 36a.

Example 2: A taxpayer age 65 or older has no military retirement income but other sourced retirement of \$14,000. The taxpayer is allowed a deduction of \$10,000 on line 35a and a deduction of \$5,000 on line 36a.

Example 3: A taxpayer age 65 or older has military retirement income of \$13,000 and is allowed a deduction on line 35d of \$13,000. The taxpayer is allowed a deduction of \$2,000 on line 36a. The maximum allowed deduction for 2024 is \$15,000.

Example 4: A taxpayer age 65 or older has military retirement income of \$36,000 and no other earned income. The taxpayer is eligible for a military retirement deduction of \$36,000 on line 35d. The taxpayer is not allowed an additional amount on line 36a.

Example 5: A taxpayer age 65 or older has military retirement income of \$16,000 and other sourced retirement income of \$8,000. The taxpayer is allowed a deduction on line 35d of \$16,000. The taxpayer is not allowed an additional amount on line 35a or line 36a.

Line 37: Dependents under 6 years of age

If you are a resident of South Carolina for at least part of the year, you are allowed a deduction for each dependent claimed on your federal Income Tax return who had **not** reached age 6 by December 31 of the tax year. Enter the birth dates and SSNs in the available blanks. If you need additional space, attach a separate sheet with the requested information. Use the following worksheet to compute the deduction:

Worksheet for dependent under age 6	
1. South Carolina dependent exemption amount	1. <u> \$4,790 </u>
2. Number of dependents claimed on your 2024 federal return who had not reached age 6 during the tax year	2. <u> </u>
3. Allowable deduction (multiply line 1 by line 2). Enter on line 37.	3. <u> </u>

Line 38: Contributions to the SC College Investment Program (Future Scholar) or to the SC Tuition Prepayment Program

- You may deduct 100% of any contributions to the SC College Investment Program made between January 1, 2024 and April 15, 2025.
- You may deduct 100% of any contributions to the SC Tuition Prepayment Program made between January 1, 2024 and December 31, 2024.

Line 39: Active trade or business income

You may be able to elect to have South Carolina active trade or business income from a pass-through business taxed at a flat 3% rate. For more information, see the I-335, available at dor.sc.gov/forms. Enter the amount from I-335, line 5 here.

Line 40: Consumer protection services

An individual may deduct the costs of a monthly or annual contract or subscription for identity theft protection and resolution services. The deduction is only for individuals who filed a return with the SCDOR for a tax year between 1998 and 2012 or whose Personal Identifiable Information (PII) was included on another's return. An individual who deducted the same actual costs as a business expense may not claim the deduction.

The deduction is limited to:

- \$300 for an individual taxpayer
- \$1,000 for a married filing jointly return
- \$1,000 for a return claiming dependents

Identity theft protection includes products and services designed to prevent an incident of identity fraud or identity theft. It protects against the disclosure of your PII (for example, your SSN) by preventing a third party from using unauthorized access to your PII to obtain financial resources or other products, benefits, or services.

Identity theft resolution services include products and services designed to assist persons whose PII was obtained by a third party. This minimizes the effects of the identity fraud or identity theft incident and restores the person's identity to its pre-theft status.

Line 41: Other subtractions

Enter on line 41, Column B, any other deductions for which there is no line provided. These deductions are allowable only if the corresponding income is reported in Column B.

Some examples of items which may be subtracted on this line are:

- income for Reserve or National Guard received for weekend drills and customary training periods
- subsistence allowances for:
 - law enforcement officers
 - full-time firefighters
 - full-time emergency medical service personnel

See the SC1040 instructions, available at dor.sc.gov/forms, for a detailed explanation of these deductions.

Line 43: Total South Carolina adjustments

Subtract line 42 from line 32 (if line 32 is zero, enter the amount from line 42 as a negative number in [brackets] on line 43).

Proration and Deduction

Line 45: Proration

Divide line 31, Column B by line 31, Column A. Enter the result on line 45. Round to the second decimal.

Line 46: Deduction adjustment

Part I - Itemized Deductions

If you itemized deductions on your federal return, enter the total itemized deductions on line 46, Part I.

If you did not itemize deductions on your federal return, enter the standard deduction on line 46, Part I.

Part II - State Tax Adjustment

If you itemized your deductions on your federal Income Tax return and deducted state and local Income Tax or general Sales Tax, you may be required to subtract all or part of this amount from your total federal itemized deductions when computing your South Carolina taxable income.

The federal law limits your total deduction for state and local Income, Sales, and Property taxes to a combined total deduction of \$10,000 (\$5,000 if married filing separately). Any state and local taxes paid above this amount cannot be deducted on your federal return.

In determining the state tax adjustment for a taxpayer whose tax deduction is limited to \$10,000, you may first apply real or personal Property Taxes reported on federal Schedule A, line 5b and line 5c before applying state and local Income Taxes or general Sales Taxes reported on federal Schedule A, line 5a.

The state tax adjustment required for South Carolina is the lesser of your:

- a. itemized deductions in excess of the standard deduction that would have been allowed if you had used the standard deduction for federal Income Tax purposes
- b. state and local Income Taxes or general Sales Taxes from your federal 1040, Schedule A, line 5a,
or
- c. the \$10,000 federal tax deduction limit minus deductible Property Taxes

Use the worksheet below to compute the state tax adjustment on the Schedule NR. Do not submit the worksheet. Keep the worksheet with your tax records.

Social Security Privacy Act Disclosure

It is mandatory that you provide your Social Security Number on this tax form if you are an individual taxpayer. 42 U.S.C. 405(c)(2)(C)(i) permits a state to use an individual's Social Security Number as means of identification in administration of any tax. SC Regulation 117-201 mandates that any person required to make a return to the SCDOR must provide identifying numbers, as prescribed, for securing proper identification. Your Social Security Number is used for identification purposes.

The Family Privacy Protection Act

Under the Family Privacy Protection Act, the collection of personal information from citizens by the SCDOR is limited to the information necessary for the SCDOR to fulfill its statutory duties. In most instances, once this information is collected by the SCDOR, it is protected by law from public disclosure. In those situations where public disclosure is not prohibited, the Family Privacy Protection Act prevents such information from being used by third parties for commercial solicitation purposes.
