The credit is limited to 50% of expenses paid or accrued or contributions made for cleanup of a single site during the taxable year. The taxpayer may use no more than \$50,000 of the credit in any taxable year. Any unused credit up to \$100,000 may be carried forward five years. Multiple taxpayers working jointly to clean up a single site are allowed the credit in the same proportion as their contribution to payment of cleanup costs.

CAUTION! The credit may be claimed against individual income tax only for contracts entered into on or after June 11, 2008.
