Beginning January 1, 2008, a meat packer, butcher or processing plant that (a) was licensed or permitted by this State or the United States Department of Agriculture, and (b) had a valid contract during the tax year with a nonprofit organization to process deer for donation to a charitable organization engaged in distributing food to the needy, may claim a nonrefundable income tax credit. The credit is not allowed if any portion of the donated deer was used by a commercial enterprise. For tax years 2008-2015 the amount of credit is \$50 for each carcass processed and donated under the terms of the contract. For tax years beginning after 2015 the amount of the credit is \$75.00 for each carcass processed and donated under the terms of the contract. The credit must be claimed in the year earned and may not be carried to any other taxable year. The term "process" means to skin, cut, bone, grind, package, or perform any butchering tasks necessary to prepare the meat for distribution and consumption. The processing must take place in a licensed or permitted establishment."
