**AUTHORITY:** S. C. Code Ann. Section 12-4-320 (2000)  
SC Revenue Procedure #05-2

**SCOPE:** An Information Letter is a written statement issued to the public to announce general information useful in complying with the laws administered by the Department. An Information Letter has no precedential value.

**Introduction:**

SC Revenue Procedure #04-4 is an advisory opinion providing guidelines to be used by Department employees in assessing penalties for violations of the statutes and regulations governing the sale, distribution, or possession of beer, wine, and distilled spirits. Its purpose is to insure uniform penalty application.

These guidelines recognize that there will often be circumstances present that call for either more severe or less severe sanctions for an offense. As such, the guidelines state that the Department will consider mitigating circumstances when assessing penalties and that, if recognized mitigating circumstances are present, monetary penalties will be reduced, suspensions will be reduced in duration, and revocations will be reduced to suspensions with monetary penalties.

As stated in the guidelines, mitigating circumstances will be recognized when the employee committing the violation has completed a training program recognized by the Department.

## **Recognized Training Programs:**

As of the date of this information letter, the Department recognizes the following programs for purposes of mitigating circumstances when the employee committing the violation has completed a recognized training program:

2. ServSafe Alcohol, Serving Alcohol Responsibly - a training program of the National Restaurant Association Educational Foundation that is designed for the on-premise operator. Please note that the training must have taken place within a reasonable period of time before the offense in question and must include training covering the violation at issue. The person claiming mitigating circumstances under this item also must provide the Department an outline of the training conducted and verification that the employee attended the training. The determination as to whether mitigating circumstances warrant a reduction in penalties is within the sole discretion of the Department.
