TO: XYZ Computer Data, Ltd

SUBJECT: Clearing House for Telephone Receivables
(Sales and Use Tax)

SC Revenue Procedure #87-3

SCOPE: A Private Letter Ruling is a temporary document issued to a taxpayer, upon
request, and it applies only to the specific facts or circumstances related in the
request. Private Letter Rulings have no precedential value and are not intended for general distribution.

Question:

1. Is XYZ Computer Data, Ltd., a clearing house for telephone receivables, liable for the tax imposed under Code Section 12-35-1150?

2. If XYZ Computer Data, Ltd. is not liable for the tax, then who is liable?

Facts:

XYZ Computer Data, Ltd., ("XYZ") an out-of-state corporation, is one of several companies throughout the United States which has established a clearing house for telephone receivables.

New technology and the breakup of the phone system, have permitted many new and innovative companies to enter the communication industry. These companies include long distance services, pay phone operators and alternative operator services. XYZ was established to allow such companies to extend their services and accommodate the needs of their customers. XYZ has
entered into contracts with these new communication companies, independent phone companies
and the regional phone companies. Now, any company in the phone industry, regardless of size,
can accept credit cards from other companies in the phone industry. In addition, these
companies can provide operator assistance and bill calls to a specific number.

Any company, which accepts another's credit card or provides operator assistance, can forward
their billing information to XYZ who will, in turn, forward it to the proper phone company.
When that company receives payment from their customer, the payment is then forwarded,
through XYZ, to the company which provided the service.

XYZ does not function in any state other than the state it is located in.

Discussion:

Code Section 12-35-1150 reads:

Notwithstanding any other provision of law, the gross proceeds accruing or proceeding
from the charges for the ways or means for the transmission of the voice or of messages,
including the charges for use of equipment furnished by the seller or supplier of the ways
or means for the transmission of the voice or of messages, are subject to the license, sales
or use tax, as provided by this chapter.

Code Section 12-35-90(7) defines the term "retailer" or "seller" to include, in part, "every person
engaged in the business of selling or furnishing the ways or means for the transmission of the
voice or of messages between persons in this State for a consideration." However, Code Section
12-35-550(10) specifically exempts from the tax "[t]he gross proceeds from toll charges for the
transmission of voice or messages between telephone exchanges and telegraph messages, and
carrier access charges and customer access line charges established by the Federal
Communications Commission or the South Carolina Public Service Commission." (emphasis
added)

Therefore, there is exempted from the tax imposed under Code Section 12-35-1150 toll charges
between exchanges. In addition, charges for the right of one carrier to enter or use another
carrier's system and charges for the right of a customer to enter or use a carrier or phone
company's system are exempt, when such charges are established by the Federal Communication
Commission or the S.C. Public Service Commission.

In further reviewing the transactions previously described, it is understood that some services are
entirely provided outside of this State. Code Section 12-35-140 defines the term "tangible
personal property" to include, in part, "...services, accommodations and intangibles, including
communications, as are specifically provided for in this chapter (emphasis added)." Code
Section 12-35-510 imposes the sales tax "upon every person engaged or continuing within this
State in the business of selling at retail any tangible personal property..." Code Section 12-35-
810 imposes the use tax upon "the storage, use or other consumption in this State of tangible
personal property...for storage, use or consumption in this State."
In summary, the tax imposed by Code Section 12-35-1150 is imposed upon persons engaged in selling, furnishing or using communication services in South Carolina.

Conclusion:

1. XYZ is not furnishing communication services within South Carolina and is, therefore, not liable for the tax imposed under Code Section 12-35-1150.

2. South Carolina retailers providing communication services are liable for the tax on charges for such services, except for toll charges and access charges which are specifically exempt under Code Section 12-35-550(10).
