SC REVENUE RULING #09-10

SUBJECT: State Tax Add-Backs
        (Income Tax)

EFFECTIVE DATE: Applies to all periods open under the statute.

SUPERSEDES: SC Revenue Ruling #03-6 and all previous advisory opinions and
            any oral directives in conflict herewith.

            SC Revenue Procedure #09-3

SCOPE: The purpose of a Revenue Ruling is to provide guidance to the
        public and to Department personnel. It is an advisory opinion
        issued to apply principles of tax law to a set of facts or general
        category of taxpayers. It is the Department’s position until
        superseded or modified by a change in statute, regulation, court
        decision, or another Departmental advisory opinion.

Background Information:

The purpose of this advisory opinion is to provide written guidance from the Department
concerning certain taxes that are not allowed as a deduction from South Carolina taxable income.
Initially, this project began as an informal response to a Bureau of National Affairs, Inc.
(“BNA”), survey of state tax departments covering numerous questions on corporate income tax
related issues. Because of the number of questions received by the Department concerning
whether state, local, and foreign taxes deductible under Internal Revenue Code Section 164 are
deductible for South Carolina purposes, the Department is issuing its responses to the BNA
survey as an advisory opinion that reflects the Department’s official position regarding these
specific tax modifications.
Law:

Code Section 12-6-1130, providing for modifications to South Carolina taxable income, reads, in part:

South Carolina taxable income is computed by making modifications to deductions provided in the Internal Revenue Code as follows:

* * * *

(2) The deduction for taxes permitted by Internal Revenue Code Section 164 is computed in the same manner as Section 164 except there is no deduction for state and local income taxes, or state and local franchise taxes measured by net income, or any income taxes, or any taxes measured by or with respect to net income. In addition, if a taxpayer elects, pursuant to Section 164, to deduct state and local sales taxes instead of state and local income taxes, the taxpayer may not deduct state and local sales and use taxes.….  

* * * *

State Tax Add-Back Survey Responses:

Below is a summary of selected taxes which are allowed or disallowed as deductions under SC Code Section 12-6-1130(2) in arriving at South Carolina’s taxable income, assuming they are allowed as a deduction under Internal Revenue Code Section 164.
