Major Achievements

During FY 05–06, former Director Burnet R. Maybank, III resigned and Ray N. Stevens was appointed to the post beginning January 2006. During this transition, the Department of Revenue also completed its final year of progress under its current strategic plan. As the strategic plan is the guiding document for the agency, the commitment of the new director was critical in developing the next phase of the strategic plan and annual business plan. Director Stevens wholeheartedly embraced the strategic planning process and subsequent activity and communication to all employees of the new plan effective July 1, 2006. The plan enables us to maintain focus on our major goals and objectives.

This year, we marked a major change in operations by moving our processing and file room personnel and functions from the Columbia Mills Building to Market Pointe. Our annual customer satisfaction survey returned a 95.9 percent satisfaction level for the amount of time it took to receive a state income tax refund check. This statistic is remarkable in any year, but particularly significant under these circumstances.

A partnership between the Department of Revenue, Department of Transportation and some private sector businesses was created for the purpose of processing all motor fuel tax returns. The Motor Fuel Electronic Data Interchange (EDI) is saving time and money for the agencies, businesses and taxpayers.

South Carolina was one of two states receiving the Federation of Tax Administrator's (FTA) Certificate of Excellence Award for being the closest to achieving their 11 goals of being "Partner for the efficient and effective reporting and remittance of Motor Fuel taxes." One of our motor fuel auditors serves as the national chair of the FTA motor fuel tax section to oversee the program designed to help states coordinate their motor fuel tax collection efforts.

Key strategic objectives and accomplishments:

Individual Non-filers: The Filing Enforcement Section continues to issue notices based on taxpayers identified as non-filers by the Data Warehouse. The section has issued 61,697 notices to possible non-filers, with \$11,190,173.86 million collected.

Use Tax Non-filers: We continue to exchange information with other Southeastern Association of Tax Administrators (SEATA) states on a monthly basis. Collections totaled \$10,964 with 41 assessments issued. We are also continuing to identify possible use tax non-filers through the U.S. Customs project. We have issued seven assessments and collected \$5,864. Our project of obtaining furniture delivery information from transportation companies in North Carolina continues. We have issued 1,385 assessments and collected \$694,991.

Nexus/Discovery: The Nexus/Discovery section registered 261 taxpayers and collected \$11,315,135.14. This collection total represents a new record for the Nexus/Discovery section. Nexus questionnaires were sent to 796 potential nexus cases.

Drive the state's one-stop registration project - South Carolina Business One Stop (SCBOS): Our partners in this project are the SC Secretary of State, Employment Security Commission, Department of Health and Environmental Control, and Department of Labor, Licensing, and Regulation and others. Our enterprise initiative, South Carolina Business One Stop (SCBOS), resulted in the following key statistics:

- 92 percent participation from all US States for businesses primarily domiciled in those US States and trying to establish a business in South Carolina. There is similar participation among businesses domiciled in four other countries.
- Average of 751 visits to the SCBOS website per day
- 52,342 - registered users
- 19,284 – licenses, permits and registrations approved
- 6,139 - businesses approved
- 846 existing businesses were added since January when this function went live
- \$73,445 in licenses, permits and registration payments

During the year, SCBOS received the following awards:

- March 15, 2006, Federation of Tax Administrators (FTA) Annual National Taxpayer Service and Education award.
- March 22, 2006, The Ash Institute for Democratic Governance and Innovation at Harvard University's John F. Kennedy School of Government Top 50 Government Innovations award for 2006.
- November 2005, Network World magazine 2005 Top 50 Enterprise All-Star award winner.
- South Carolina chapter of Government Management Information Sciences (SC - GMIS) 2005 "Elite Achievers" Award.

Develop a systematic stakeholder feedback system: In keeping with our focus on industry specific training, a Sales and Use Tax Seminar was held on November 30, 2005 for educational institutions. Approximately 123 taxpayers attended. We held an Agricultural Tax Seminar on February 9, 2006, with approximately 39 people in attendance. We partnered with the Department of Agriculture for this first seminar focusing on the agriculture industry. We also held a Sales & Use Tax Seminar for Manufacturing on March 9 with approximately 70 people in attendance. On March 30, 2006 we held two workshops in Winnsboro for the new Fairfield County one percent Local Option Sales Tax. There was a total attendance of 17. On April 27, 2006 four speakers from DOR spoke at a Central Chapter SCACPA Seminar on topics such as Electronic Services, SCBOS, and Nexus. A Sales and Use Tax Seminar for Retailers was held on May 18, 2006 with 72 taxpayers and staff in attendance.

We coordinated four workshops for the second quarter to educate taxpayers on the new Alcoholic Liquor by the Drink Tax. Workshops were held in Columbia, Charleston, Greenville, and Myrtle Beach with a total attendance of 298 taxpayers.

We continued to work with Clemson University in preparation for the Clemson Tax Schools. These tax schools were held at locations throughout the state during the second quarter with a total attendance of 904.

Free monthly workshops for both Sales Tax Forms and Withholding Tax Forms were offered. At the end of June 2006, we had 601 participants register for the Sales Tax Forms Workshops and 283 for the Withholding Tax Forms Workshops.

Upgrade our Technology Infrastructure: The South Carolina Integrated Tax System (SCITS) project is a multi-year project that will be built on a commercially available, fully standard relational database, and will provide both DOR employees and taxpayers with a holistic, fully integrated view of the taxpayer account. SCITS will provide information and services on a 24/7 basis, and provide real-time, “once and done” processing wherever possible. Related DOR technologies, such as web access, document imaging and storage, and the Data Warehouse with its analytic capabilities will be fully integrated with SCITS.

Governmental Enterprise Accounts Receivable Collections (GEAR): Currently we have 59 entities participating in GEAR. GEAR collections for FY 05-06 amounted to \$3,259,851.98 and GEAR payments through Debt Setoff were \$4,551,525.13.

Our debt set-off program continues to be an excellent collection tool for those entities who wish to participate in the program.

Obtain an Integrated Financial System: The CIO office continues to work with the new integrator to implement the SAP system at the central agencies (Comptroller General and Treasurer). Also, the project team is updating the overall statewide rollout schedule. DOR has updated the travel system and the federal per diem exception form system.

Workforce Planning: With 55 TERI employees leaving the agency by June of 2006, we have focused on knowledge transfer and have conducted job analyses with 14 TERI employees to capture the duties, tasks and knowledge.

A job analysis process was completed with the majority of job families throughout the agency, documenting their duties, tasks, knowledge, skills, equipment, supplies, future issues and concerns.

Electronic Workforce Learning and Performance: We implemented the tax type web pages with the goal to provide access to information within three clicks or less. Upon implementation of the tax type web pages, a new WEB (Web Enhancement Board) was formed to continually enhance our website for taxpayers and employees.

We continue to assess the need for electronic learning modules (e-modules). An e-learning quiz was developed and published on Rev'n U for use in a Computer Assisted Audit course. An on-line interactive individual income tax notice was developed. The goal was to help taxpayers understand a proposed notice of assessment. A main Help page was created for access by taxpayers in addition to the Help pages for each tax type. A SCnetFile e-module was created to provide answers to Frequently Asked Questions for that program. A Liquor by the Drink tutorial was also developed for employees and taxpayers to help them understand the new law.

Tax systems: We continue to offer Introduction to SCATS (South Carolina Automated Tax Systems) training for new employees. Updates to the current SCATS manual has begun, as well as a SCATS e-module being created to be used in lieu of taking the class in a classroom setting. Development of Basic, Intermediate and Advanced ARMS (Automated Receivables Management System) training was finished and a pilot session was attended by 14 employees. An e-learning module for Electronic Services on E-filing was also developed this year.

Tax law employee education: We continue to provide a wide variety of tax law training to our employees. Topics include:

- Sales & Use tax on the medical profession
- Corporate License Fees
- Withholding Tax Forms Workshops
- Liquor by the Drink
- Individual Income Tax
- Basic Property Tax
- Legislative Updates.

Employee satisfaction and recognition: We continue to hold Director's lunches for recognizing groups and individuals for outstanding organizational contributions. Since the beginning of FY 05 – 06, 15 lunches with 175 employees recognized have been held.

We had the Director's Shining STAR parking space filled each week this fiscal year with those employees who have been nominated that demonstrate exceptional work.

With the appointment of our new Director in January, "Meet the Director" pizza lunches were held for all employees to meet and greet the new Director and for him to meet the employees.

Employee Appreciation Day was held May 3, 2006. A barbeque sandwich lunch was served, DOR prizes awarded, a "DOR Idol" contest was held and nineteen service awards were presented.

Leadership development: The Leadership for Results class of 2005 graduated 37 participants in January. The major objective of this program is to create leaders at all levels of the organization. The Leadership for Results class of 2006 started in January with 44 participants from across the agency.

In addition, six new supervisors have completed the Associate Public Management Program offered by the Budget & Control Board's Office of Human Resources. A contingent of six new Certified Public Manager candidates began the 18 month program also offered by OHR. Seven employees completed the program in April of 2006 bringing our total graduates to 19. We also have one participant in the Executive Institute this year. Seven of our human resource staff are enrolled in the new Human Resource Professional Development program developed by OHR. One of our participants completed the program in May 2006. This program requires participants to take over 50 hours of training designed to enhance their knowledge of state government HR issues.

A website was designed on our intranet, Dragnet, strictly for Supervisors/Managers. The site includes direct links to HR related policies, forms, tutorials and other helpful information. It is designed to make finding frequently used information easier to access. Response from supervisors has been very positive.

Two courses have been conducted in the HR training series. The State Ethics Commission conducted their Ethics for Public Officials course which was attended by 16 employees. A course on Managing Employee Performance was also held with 12 supervisors in attendance. To help our employees improve their writing skills, the agency provided a Business Grammar class conducted by Midlands Technical College. A total of 25 employees attended.

Taxes Administered by DOR

The following information includes excerpts from the Department of Revenue's Business Tax Guide. A copy of the complete publication can be found at www.sctax.org.

In South Carolina, most taxes are administered, collected and distributed through DOR. For other taxes, such as local property taxes, DOR is involved administratively in valuation and administration, but the taxes are assessed and collected at the local level.

Below, you'll find that the descriptions are organized by the major state taxes and then followed alphabetically by the other state level taxes administered by DOR. At the end is a discussion of the property tax assistance the DOR provides to local governments.

Sales and Use Taxes

SALES AND USE TAX

Enacted:	1951
Statute:	Title 12, Chapter 36
Rate:	5% plus local taxes
Distribution of Statewide 5% Tax:	80% Education Finance Act; 20% Education Improvement Act
FY 05-06 Collections:	\$2,499,219,980

Sales tax is imposed on the sale of goods and certain services in South Carolina. Use tax is imposed on goods and certain services purchased out of state and brought into South Carolina or on which no sales tax has been paid.

The statewide sales and use tax rate is five percent. Counties may impose an additional one percent local option sales and use tax and one percent special local taxes if voters in that county approve the tax.

Generally, all retail sales of tangible personal property are subject to the state's sales or use tax.

The sales tax also applies to the fair market value of tangible personal property previously purchased by the retailer at wholesale (for resale), but used by the retailer or any other person withdrawing tangible personal property to be used and consumed by them. In addition to applying to items one normally thinks of as tangible personal property - furniture, appliances, and clothing for their own use, the sales and use tax also applies to communications like local telephone services, cable television services, satellite programming services, faxing services and paging services, as well as laundry and dry-cleaning services, accommodations, and electricity.

A maximum sales tax of \$300 is imposed on the sale or lease of motor vehicles, boats, aircraft, motorcycles, trailers or semi-trailers pulled by a truck tractor, horse trailers, recreational vehicles and certain self-propelled light construction equipment.

The \$300 maximum tax also applies to the sale of musical instruments and office equipment sold to religious organizations.

USE TAX

South Carolina’s income tax follows the federal income tax laws. South Carolina generally accepts the adjustments, exemptions and most deductions allowed on your federal return.

Your federal taxable income is the starting point in determining your state income tax liability.

You may be required to file a South Carolina income tax return if you earn income in South Carolina and are required to file a federal return. Even if you are not required to file a federal return and you have taxes withheld from your wages, you should file a state income tax return in order to obtain a refund. For calendar year taxpayers, individual income tax returns are due on April 15 of each year. Taxpayers who file electronically may file and pay income taxes by May 1.

Estimated Individual Income Tax Payments

Declaration of estimated tax is the method you use to pay tax on income that is not subject to withholding. It would include income from self-employment, interest, dividends, alimony, rent, capital gains and prizes. You may also have to pay estimated tax if enough tax is not being withheld from your salary, pension or other income. Generally you should make estimated tax payments if your estimated tax liability will be \$100 or more. If your estimated tax liability will exceed \$100, you must pay in at least 90% of the tax to be shown on your current income tax return or 100% of the tax shown on your last year’s income tax return, whichever is less.

The 100 percent rule is modified to be 110 percent of last year’s tax liability for an individual with an adjusted gross income of more than \$150,000 as shown on the return for the preceding tax year. Estimated tax payments are due April 15, June 15, September 15 and January 15 for calendar year taxpayers.

Local Government Property Tax Assistance

Property taxes are generally assessed and collected by local governments, but the Department of Revenue assesses and collects some property taxes and oversees all property tax assessments to ensure equitable and uniform assessment throughout the state. Real property is subject to property taxes. Personal property used in business and certain personal property used for personal purposes such as motor vehicles, boats and airplanes are subject to property taxes. Businesses must report business personal property to the Department of Revenue. There is no state or local tax on intangible personal property or inventories.

Each class of property is assessed at a ratio unique to that type of property. The assessment ratio is applied to the market value of the property to determine the assessed value of the property. Each county, municipality or other taxing entity then applies its millage rate to the assessed value to determine the tax due. A mill is a unit of monetary value, equal to one-tenth of a cent, or one-thousandth of a dollar (.001).

For example, if the millage rate is 200 mills and the assessed value of the property is \$1,000, the tax on that property is \$200.

Real and personal property of manufacturers, utilities, railroads, carlines and airlines and business personal property of merchants is assessed by the Department of Revenue. The county assessor assesses all other real property.

The county auditor assesses all other personal property.

The following assessment ratios are applied to the value of the property to determine the assessed value for purposes of taxation:

Manufacturing Property
10.5% of FMV

Utility Property
10.5% of FMV

Railroads, Private Carlines, Airlines & Pipelines
9.5% of FMV

Primary Residences

Source: Compiled by FTA from various sources

Note: Michigan imposes a single business tax (sometimes described as a business activities tax or value added tax) of 1.9% on the sum of federal taxable income of the business, compensation paid to employees, dividends, interest, royalties paid and other items. Similarly, Texas imposes a franchise tax of 4.5% of earned surplus or 2.5 mills of net worth. Nevada, Washington, and Wyoming do not have state corporate income taxes.

- (a) Rates listed include the corporate tax rate applied to financial institutions or excise taxes based on income. Some states have other taxes based upon the value of deposits or shares.
- (b) Minimum tax is \$50 in Arizona, \$50 in North Dakota (banks), \$10 in Oregon, \$250 in Rhode Island, \$500 per location in South Dakota (banks), \$100 in Utah, \$250 in Vermont.
- (c) Minimum tax is \$800. The tax rate on S-Corporations is 1.5% (3.5% for banks).
- (d) Or 3.1 mills per dollar of capital stock and surplus (maximum tax \$1 million) or \$250. A 25% surcharge applies to corporations with liability greater than \$250.
- (e) The marginal rate decreases over 4 brackets ranging from \$20 to \$650 million in taxable income. Building and loan associations are taxed at a flat 8.7%.
- (f) Or 3.3% Alternative Minimum Tax. An exemption of \$5,000 is allowed.
- (g) Capital gains are taxed at 4%. There is also an alternative tax of 0.5% of gross annual sales.
- (h) Minimum tax is \$20. An additional tax of \$10 is imposed on each return.
- (i) Includes a 2.5% personal property replacement tax.
- (k) Fifty percent of the federal income tax is deductible.

- (o) Rate includes 14% surtax, as does the following: an additional tax of \$7.00 per \$1,000 on taxable tangible property (or net worth allocable to state, for intangible property corporations); minimum tax of \$456.
- (p) Plus a 5.8% tax on any Alternative Minimum Taxable Income over the base tax.
- (q) A 7% tax on taxpayers using water's edge combination. Minimum tax is \$50.
- (r) Plus a 0.50 percent tax on the enterprise base (total compensation, interest and dividends paid). Business profits tax imposed on both corporations and unincorporated associations.
- (s) The rate reported in the table is the corporation business franchise tax rate. The minimum tax is \$500. An Alternative Minimum Assessment based on Gross Receipts applies if greater than corporate franchise tax. Corporations not subject to the franchise tax are subject to a 7.25% income tax. Banking and financial corporations are subject to the franchise tax. Corporations with net income under \$100,000 are taxed at 6.5%. The tax on S corporations is being phased out through 2007. The tax rate on a New Jersey S corporation that has entire net income not subject to federal corporate income tax in excess of \$100,000 will remain at 1.33% for privilege periods ending on or before June 30, 2006. The rate will be 0.67% for privilege periods ending on or after July 1, 2006, but on or before June 30, 2007; and there will be no tax imposed for privilege periods ending on or after July 1, 2007. Revenue Impact of Sales Tax Holiday

South Carolina Law grants a three-day sales tax exemption that occurs on the first Friday, Saturday, and Sunday in August each year. This exemption is designed to ease the burden of sales tax on certain purchases to shoppers during the specified period. The exemption provides relief from the state sales tax and any local 1% sales tax administered by the Department of Revenue. The exemption affects the sales of clothing, clothing accessories, footwear, school supplies, computers, printers, printer supplies and computer software provided that the item is not:

- Used in a trade or business
- Placed on a lay away or similar deferred payment and delivery plan, or
- Clothing that is rented

A complete list of items exempted during this specified time period, can be obtained on our website at www.sctax.org.
