SC1040: Vendor Printed 2D should be set to 1 on the first page 1D barcode only if your SC1040 contains a printed 2D barcode.

NACTP code should be replaced with actual software vendor code

NACTP code for SCDOR is 1350

The following shows the placement of the 1d barcode for those pages and forms that have a 1d barcode. On page 1 of the SC1040 the "XXXX" will be replaced with the Software Vendor ID. The "XXXX" will be blank on the other pages.

The following shows the placement of the 2d barcode on page 1 of the SC1040. No other pages will have a 2d barcode.
