

**NOTICE OF ELECTION FOR SUPPLIERS
AND PERMISSIVE SUPPLIERS**

Licensed suppliers and permissive suppliers may make a blanket election to collect the South Carolina Motor Fuel User Fee on removals from out-of-state terminals with a destination within South Carolina. See SC Code Section 12-28-910 for more information. The election must be made by filing a notice of election with the SCDOR.

You must attach this completed form to your license application, OR the SCDOR will not process your license application.

Check one:

- ☐ Yes The supplier or permissive supplier listed below is requesting a blanket election to treat all motor fuel removals with South Carolina destinations from all its out-of-state terminals as if the removals were made by the supplier from a South Carolina terminal for purposes of user fees imposed under SC Code of Laws Title 12, Chapter 28.

I understand that this election requires that the supplier pre-collect the South Carolina user fee on all removals from out-of-state terminals for delivery into South Carolina. This requirement is not dependent on the license status of the person acquiring the motor fuel, the point of delivery, the terms of sale, or the character of the delivery.

- ☐ No The supplier or permissive supplier listed below **does not** want to make a blanket election. I understand that the absence of an election by a supplier under this section does not relieve the supplier of responsibility for remitting the tax imposed by this chapter upon the removal from an out-of-state terminal for import into South Carolina by the supplier.
