

**MISCELLANEOUS LICENSE
ACTIVITY SHEET**

You must attach this completed form to your license application or the SCDOR will not process your license application.

You're required to have a Miscellaneous Motor Fuel License if you participate in any of the activities listed below. There is no license fee or bond required for a Miscellaneous Motor Fuel License.

Check the applicable boxes if you are an entity that expects to participate in the activities listed below:

- ☐ a. **Counties and municipalities that purchase dyed low sulfur diesel fuel.** These entities are exempt from the federal tax but not from the state Motor Fuel User Fee. All gallons of dyed low sulfur diesel used in highway vehicles by a county or municipality should be reported on the monthly user fee return.
- ☐ b. **Liquid propane gas (LPG), compress natural gas (CNG), or liquefied natural gas (LNG) dealers that make sales of these products for use in highway vehicles or that have delivery trucks that use the product.** Dealers will report all gallons sold for or used in highway vehicles.
- ☐ c. **Producers/users of substitute fuels and/or liquids on which the Motor Fuel User Fee, inspection and environmental fees have not been previously paid that are suitable for use in highway vehicles.** This would include but is not limited to biodiesel for use in personal vehicles.
- ☐ d. **Persons not licensed as fuel vendors that blend materials with motor fuel.** This would include but is not limited to yellow grease, waste oil, and used cooking oil blended with diesel fuel for highway vehicles.
