Re: E911 Surcharge Rate Change for 2012

Effective May 1, 2012 the CMRS Emergency Telephone Services Advisory Committee has set the annual CMRS E911 monthly surcharge for the year 2012 at the average telephone 911 surcharge rate of \$.62.

Therefore, your company should begin collecting the \$0.62 surcharge rate from each of your CMRS subscribers and prepaid wireless transaction in 2012. The \$0.62 rate will be reflected on your May 2012 form, due July 20, 2012, which will be mailed to you in the near future.
