

**SC STATE AND LOCAL SALES TAX RATE ON
UNPREPARED FOOD BY MUNICIPALITY (Effective May 1, 2018)**

This form provides a list of South Carolina counties with their various types of local sales and use taxes and tax rate administered and collected by the Department on the behalf of counties and other jurisdictions that specifically exempt the gross proceeds of sales or sales price of "unprepared food" that lawfully may be purchased with United States Department of Agriculture food coupons under the State sales and use tax exemption.

The State sales and use tax exemption (indicated with E) only applies to a local sales and use tax administered and collected by the Department on the behalf of counties and other jurisdictions if the local tax law specifically exempts the sale of such unprepared foods. If a specific local sales and use tax provides a sales tax exemption for unprepared food that lawfully may be purchased with United States Department of Agriculture food coupons, the letter "E" will be indicated in the column under specific local tax type.

For an explanation of this exemption concerning the sale of unprepared foods, visit our website dor.sc.gov>Resources>Law & Policy>SC Codes & Regulations>Tax Regulations>Sales & Use Tax>117-337.

Local Tax name abbreviations are: (LO) - Local Option, (CP) - Capital Projects, (SD) - School District, (TT) - Transportation Tax, (ECI) - Education Capital Improvement, (TD) - Tourism Development, NL - No Local Sales/Use Tax Imposed

IMPORTANT: * Indicates a municipality is located in more than one county.

** indicates a municipality located in a county that meets the criterion for imposing the Local Tourism Development Sales and Use Tax. As of the effective date of this chart, City of Myrtle Beach is the only municipality located in Horry County that imposed the Local Tourism Development Sales and Use Tax.

The tax rate information on this chart lists the current tax rate at the time of the effective date. This chart is revised periodically to reflect changes in the sales tax rate. Counties can impose a new tax rate at any time, which would impact the tax rates shown. A complete updated list of all counties with local taxes can be found on our website by visiting the link: dor.sc.gov>**Business>Sales & Use>Sales**.

Please note that this chart only address the general states and local option taxes collected by the Department of Revenue on behalf of the counties, municipalities and school districts. Food and other items which are not eligible for the exemption under South Carolina Code 12-36-2120(75) are subject to the state and local sales and use tax rate unless otherwise exempt.
