The SCDOR plays a major role in the state budget process. The Director represents the SCDOR, in an ex-officio capacity, at meetings of the South Carolina Board of Economic Advisors (BEA). The BEA is dependent on information provided by the SCDOR in formulating budget estimates for purposes of developing guidelines for the General Assembly and the Governor to establish the state budget.

The Department is at all meetings of legislative committees related to budget activities. The Director addresses meetings of these legislative committees to explain and help formulate budget policies related to revenue collections.

Further, the SCDOR is instrumental in bringing new businesses and encouraging existing businesses to expand within South Carolina. Along with the SC Department of Commerce (DOC), the SCDOR is closely involved in enhancing economic development in this State. The Director is a member of the Coordinating Council for Economic Development and acting Chairman of the Enterprise Program of the Coordinating Council for Economic Development.

The SCDOR administers most of the tax credit programs in this State and, therefore, is often required to be present at meetings and presentations when new businesses are considering locating in this State. The SCDOR is responsible for administering the job tax credit, the economic impact zone investment tax credit, the corporate moratorium, the special allocation and apportionment of income program, the fee-in-lieu of taxes program and the license tax credit for utilities, among other credits and incentives. # 2. INDIVIDUAL INCOME TAX

South Carolina's income tax follows the federal income tax laws. South Carolina generally accepts the adjustments, exemptions and most deductions allowed on your federal return. Your federal taxable income is the starting point in determining your state income tax liability.

You may be required to file a South Carolina income tax return if you earn income in South Carolina and are required to file a federal return. Even if you are not required to file a federal return and you have taxes withheld from your wages, you should file a state income tax return in order to obtain a refund.

For calendar year taxpayers, individual income tax returns are due on April 15 of each year.

You may have to pay estimated tax payments on income that is not subject to withholding such as self-employment, interest or prizes, or if enough tax is not being withheld from your salary, pension or other income.

This amount is reduced to \$500 per dependent for taxpayers with AGI above \$20,000 and below \$100,000. For taxpayers with over \$100,000 AGI, the dependent exemption is \$300 per dependent.

(c) Applies to interest and dividend income only.

(d) Rates apply to regular tax table. A special tax table is available for low income taxpayers that reduces their tax payments.(e) Bracket levels adjusted for inflation each year. Release dates for tax bracket inflation adjustments vary by state and may fall after the end of the applicable tax year.

(f) These states allow some or all of federal income tax paid to be deducted from state taxable income. (g) Ohio's personal and dependent exemptions are \$2,200 for an AGI of \$40,000 or less, \$1,950 if AGI is between \$40,001 and \$79,999, and \$1,700 if AGI is \$80,000 or above.

(h) The top rate is scheduled to be reduced to 5.0% in tax year 2016 and 4.85% in subsequent tax years, contingent upon certain revenue growth.

(j) Deduction and exemption amounts for 2015 subject to funding. Rate reductions for income between \$40,001 and \$100,000 scheduled for 2016 and subsequent tax years, subject to funding.

(I) The standard deduction is taken in the form of a nonrefundable credit of 6% of the federal standard or itemized deduction amount, excluding the deduction for state or local income tax. (t) Connecticut has a complex set of phase-out provisions. For each single taxpayer whose Connecticut AGI exceeds \$56,500, the amount of the taxpayer's Connecticut taxable income to which the 3% tax rate applies shall be reduced by \$1,000 for each \$5,000, or fraction thereof, by which the taxpayer's Connecticut AGI exceeds said amount. (w) Additionally, Hawaii allows any taxpayer, other than a corporation, acting as a business entity in more than one state and required to file a return to elect to report and pay a tax of 0.5 percent of its annual gross sales if (1) the taxpayer's only activities in the state consist of sales, (2) the taxpayer does not own or rent real estate or tangible personal property, and (3) the taxpayer's annual gross sales in the state are not in excess of \$100,000. #### JOB DEVELOPMENT AND TRAINING CREDITS

Employers who create at least 10 jobs and make capital investments in the state may apply to the Coordinating Council for Economic Development to receive a portion of their withholding dollars as a refundable credit pursuant to a Revitalization Agreement.

Retraining credits may also be approved for certain employers. Credits are paid quarterly only after job creation and certification of investment. The amount of the credit varies depending upon the economic development status of the county where the jobs are created. The SCDOR administers the credit applications.

# **3. CORPORATE INCOME TAX**

The corporate tax rate is 5%. The starting point in determining South Carolina taxable income is federal taxable income with certain South Carolina modifications subject to allocation and apportionment. This process means that multi-state corporations must directly allocate certain non-business related items of income and gains and losses from the sale of real estate on Schedule F and apply an apportionment ratio from Schedule M to all income remaining after allocation.

Corporations manufacturing, selling, renting or dealing in tangible personal property (except for repair) use an apportionment ratio based on sales alone. Most other corporations including financial businesses, service businesses, doctors, architects, installation and repair businesses and contractors use a gross receipts apportionment ratio. Railroads, telephone companies, pipeline companies, airlines, and shipping lines use special apportionment methods. A corporation may petition for, or the Department may require, another apportionment method if the other method does not fairly represent the extent of the corporation's business activity. Also, in certain circumstances the Department may enter into an incentive agreement with a corporation establishing an alternative allocation and apportionment method for 5 years or 10 years.

Return and estimated tax payment due dates are the same as the federal requirements. Estimated tax payment rules are similar to federal rules.

For a U.S. State comparison of state corporate income tax rates and brackets for Tax Year 2016 please see the following Tax Foundation publication: <u>Fiscal Fact No. 497: State Corporate</u> Income Tax Rates and Brackets for 2016.

#### CORPORATE LICENSE FEE

Corporations (and other entities taxed for income tax purposes as corporations) must pay an annual license fee. For most corporations, the license fee is \$1.00 for every \$1,000.00 of capital stock and paid-in surplus plus \$15.00. Certain companies, such as power, gas, waterworks, telephone, and express companies, must calculate their license fees on the basis of South Carolina gross receipts and property. Multi-state corporations use the apportionment ratio to arrive at the license fee. The minimum license fee is \$25.00.

The license tax is payable by the original due date for filing the income tax return, with the return or request for extension, and applies to the tax year following the income tax year. An initial license tax of \$25.00 is paid with the initial annual report (CL-1).

The total for each return may include carryovers from prior years. Income tax credits for pass-through entities are included in the individual income tax credits. The total number of credits does not equal the total number of returns claiming credits because taxpayers took credits from multiple categories in this table.

# 4. SALES AND USE TAX

Sales tax is imposed on the sale of goods and certain services in South Carolina. Use tax is imposed on goods and certain services purchased out of state and brought into South Carolina on which no sales tax has been paid. The statewide sales and use tax rate is 6%. Counties may impose an additional 1% local option sales and use tax and other 1% special local taxes if voters in the county approve the tax. Generally, all retail sales of tangible personal property are subject to the state's sales or use tax.

#### Sales Tax:

South Carolina imposes a 6% sales tax on the gross proceeds of sales of every person engaged in the business of selling tangible personal property at retail. The retailer is liable for the tax. The sales tax is also imposed on the fair market value of items originally purchased at wholesale that are withdrawn for use by the business or by any person withdrawing the property.

#### Use Tax:

South Carolina imposes a 6% use tax on the sales price of tangible personal property purchased at retail for storage, use, or other consumption in South Carolina, regardless of whether the retailer is engaged in business in South Carolina. The use tax is the liability of the purchaser. South Carolina allows a credit against the use tax due in South Carolina for the state and local sales or use tax due and paid in another state on purchases of tangible personal property.

The tax is authorized under Code Section 4-10-410 et. seq. (Act No. 316 of 2008) and must be approved by a referendum open to all qualified electors residing in the county. Pursuant to a memorandum of agreement, a portion of the revenue may be shared with the area commission (governing body of a technical college) or higher education board of trustees (governing body of a public institution of higher learning) or both, for specific education capital improvements in the county listed in the referendum. This tax may only be imposed in counties which have collected at least \$7 million in state accommodations taxes in the most recent fiscal year for which data is available. Once the threshold is met, a county remains eligible to impose this tax. This tax may not be imposed in a county that is imposing or is scheduled to impose a local sales and use tax for public school capital improvements.

#### ADMISSIONS TAX COLLECTIONS BY EVENT TYPE FISCAL YEAR 2016

## 8. PROPERTY TAX

Most property taxes are administered and collected by local governments, with assistance from the SCDOR to ensure equitable and uniform assessments throughout the State. Real and personal property are subject to the tax. Municipalities levy a tax on property situated within the limits of the municipality for services provided by the municipality. The tax is paid by individuals, corporations, partnerships, etc. who own property within the state.

Real and personal property of manufacturers, utilities, railroads, carlines and airlines and business personal property of merchants are assessed by the SCDOR. The county assessor assesses all other real property and the county auditor assesses all other personal property.

Each class of property is assessed at a ratio unique to that type of property. The assessment ratio is applied to the market value of the property to determine the assessed value of the property. Each county, municipality or other taxing entity then applies its millage rate to the assessed value to determine the tax due. A mill is a unit of monetary value, equal to one-tenth of a cent, or one-thousandth of a dollar (.001).

The following assessment ratios are applied to the value of the property to determine the assessed value for purposes of taxation:

Business Personal Property	10.5%
Manufacturing Property	10.5% of FMV of real property
Utility Property	10.5% of FMV
Railroads, Private Carlines, Airlines and Pipelines	9.5% of FMV
Primary Residences	4.0% of FMV
Agricultural Property (privately owned)	4.0% of use value
Agricultural Property (corporate owned)	6.0% of use value
Other real estate	6.0% of FMV
Vehicles (privately owned)	6.0%

#### BUSINESS PERSONAL PROPERTY TAX

All businesses assessed by the SCDOR are required to file an annual business personal property tax return with the Department. All furniture, fixtures and equipment are to be reported at acquisition cost with a deduction allowed for depreciation not to exceed 90%.

#### MOTOR CARRIER PROPERTY TAX

Motor carriers must file an annual property tax return with the SCDOR no later than June 30 for the preceding calendar year and remit one-half of the tax due or the entire tax due as stated on the return. If one-half of tax due is paid with the filed return, the other half is due by December 31.
